### The Board

The composition of the Board represents an appropriate mix of professional skills and expertise. A general election for Board membership was held on 29 March 2018. The Board periodically reviews its composition and performance, as well as the performance of each Director. In compliance with the Corporate Governance requirements of the Central Bank of Bahrain (“CBB”), the Board has outlined its criteria and materiality thresholds for the definition of “Independence” in relation to Directors. The independence criteria are reassessed annually by the Board and for the year 2020, the 9 Directors comprising the Board were classified as follows:

- 5 Non-Executive Directors
- 3 Independent Directors
- 1 Executive Director

The classification of each Director as at 31 December 2020 is set out below:

Directors*	Classification
Meshal AbdulAziz Alothman – Chairman	Non-Executive
Mohammad Jassim Al-Marzooq - Deputy Chairman	Non-Executive
Mohammad Fouad Al-Ghanim	Non-Executive
Abdulghani M.S.Y. Behbehani	Independent
Ahmad Ghazi Al-Abduljalil	Non-Executive

*Mr. Mahmoud Difrawy, who was an Independent Director, passed away on 27 September 2020.	

The CBB Rulebook Module HC-1.4.6 recommends that the Chairman of the Board should be an Independent Director. Although the AUB Chairman was classified as a Non-Executive Director, due to his position as Director General of the Public Institution for Social Security, a major shareholder of the Bank, this did not compromise the Bank's high standards of Corporate Governance as the Bank follows strict policies to manage conflict of interests relating to decisions of the Board.

#### The role and responsibilities of the Board

The Board is responsible to the shareholders for creating and delivering sustainable shareholder value through the prudent management of the Bank's business.

The Board, as a whole, is collectively responsible for ensuring that an effective, comprehensive and transparent Corporate Governance framework is in place. The Board's role is to:

3. set the Bank's strategic aims, ensure that the necessary financial and human resources are in place for the Bank to meet its objectives and review management performance; and
4. set the Bank's values and standards and ensure that its obligations to its shareholders and others are understood and met.

In carrying out these responsibilities, the Board must ensure that the Bank's management strikes an appropriate balance between promoting long term growth and delivering short term objectives and have regard to what is appropriate for the Bank's business and reputation, the materiality of the financial and other risks inherent in the business and the relative costs and benefits of implementing specific controls.

All Directors must act in good faith and in a way that promotes the success of the Bank for the benefit of its shareholders as a whole. In doing so, each Director, must have regard to:

1. the likely consequences of any decision in the long term;
2. the interests of the Bank as well as the Bank's employees and shareholders;
3. the need to foster the Bank's business relationships with suppliers, customers and others;
4. the impact of the Bank's operations on the community and the environment;
5. the desirability of the Bank maintaining a reputation for high standards of business conduct; and
6. the need to act fairly as between the members of the Bank.

When carrying out their responsibilities, Directors are required to:

1. act with integrity;
2. act with due skill, care and attention;
3. observe proper standards of market conduct; and
4. deal with the regulatory authorities in an open and co-operative way and must disclose appropriately any information of which the regulator would reasonably expect notice.

#### Board meetings and attendance

The Board is required to meet at least four (4) times per year. A schedule for the Board's regular meetings is submitted to the Directors annually in advance. Additional meetings may be convened on an ad hoc basis at the invitation of the Chairman or otherwise in accordance with the provisions of the Commercial Companies Law. The Board met five (5) times during 2020.

All Directors are expected to physically attend all Board and shareholder meetings unless there are exceptional circumstances that prevent them from doing so. Directors who cannot physically attend Board meetings, may attend by video, electronic or telephone conference. Meeting papers are prepared and circulated in advance of Board meetings and include minutes of the meetings of Board Committees held since the previous Board meeting.

An annual comprehensive training plan in compliance with the CBB Rule Book High Level Controls Module for the AUB Board of Directors (BoD) for the continuous professional education of the BoD members is managed by Group HR through a combination of face-to-face training sessions which are based on industry relevant topics and delivered by international speakers, online learning and the dissemination of relevant industry driven articles. The training plan incorporates a blended learning methodology across e-learning, instructor-led face to face workshops and reading material to comply with the

CBB requirement that all Directors must continually educate themselves as to the licensee's business and corporate governance for a minimum of 15 hours annually.

The Directors are required to declare any conflict of interest or any potential conflict of interest that exists, or that Directors become aware of, to the Chairman of the Board and the Corporate Secretary as soon as they become aware of them. This disclosure must include all relevant material facts.

The Terms of Reference of the Board require that all Directors, whether Non-executive or Executive, should exercise independence in their decision-making and should abstain from any decisions involving any actual or potential conflicts of interest. Should any Director have any doubts with respect to conflicts of interest or potential conflict of interest, the Director is requested to consult the Chairman of the Board, or in the case of the Chairman, the Chairman of the Audit & Compliance Committee, and in each case the Corporate Secretary prior to taking any action that might compromise the Bank.

#### **Other Governance Measures**

In addition to the Board and Management Committee structures, the Board of Directors has approved several AUB Group policies to ensure clarity and consistency in the operation of the AUB Group. These policies, which are communicated to staff, include Credit, Anti-money Laundering, Corporate Governance, Personal Account Dealing, Key Persons Dealings, Banking Integrity, Compliance, Legal and Human Resources policies.

Underpinning these policies is the Board approved Group Code of Business Conduct which prescribes standards of ethical business behavior and personal conduct for the Bank's Directors, its senior management (officers) and its staff.

The Board annually reviews and adopts compensation and related policies and closely monitors the implementation of these policies and processes with respect to the Bank's staff and Directors. The AUB Compensation Policy provides the remuneration framework for motivating employees and directors with financial motivation to deliver optimum Group performance. The policy aims at rewarding performance by individual contribution within a team-oriented approach, remunerating individuals who achieve personal, divisional and Group results and providing a long term incentive to performing staff.

The Banking Integrity Policy, which includes detailed policy and procedures on whistle blowing, is specifically designed to facilitate concerns raised regarding misconduct occurring within, or associated with, the AUB Group.

The Board has also adopted a Group Communications Policy. This policy sets out the authority of AUB Group employees with respect to the communication of information to third parties in the course and scope of their employment. The Bank has an open policy on communication with its stakeholders, which includes:

- (i) The disclosure of all relevant information to stakeholders on a timely basis in a timely manner; and
- (ii) The provision of the last five years of financial data on the Bank's website.

The Bank is at all times mindful of its regulatory and statutory obligations regarding dissemination of information to its stakeholders.

The Bank provides information on all events that merit announcement, either on its website, www.ahliunited.com, Bahrain Bourse, and other forms of publications, such as press releases, the Bank's annual report and quarterly financial statements, and the Corporate Governance Policy are all published on its website.

As a supporting governance measure, the Board also relies on the ongoing reviews performed by internal and external auditors on the AUB Group's internal control functions. These reviews are conducted in order to identify any weaknesses, which then enable management to take remedial action.

### **Compensation Disclosures**

AUB's compensation framework is designed to attract, motivate and retain employees and to align their interests and direct their efforts towards achieving the short- and medium-term objectives of the AUB Group as set by the Board of Directors. Employee performance is measured not only against financial achievements but also against the effective control of risks, in the long-term interests of all the stakeholders of the Bank.

The effective oversight of the framework and the application of AUB's compensation principles is effected through the Board of Directors, who reviews and approves on a regular basis, the HR policy including, the compensation and training & competency policies and oversees the implementation and administration of these policies and processes with respect to the Bank's employees and directors either directly or by delegation of the responsibilities to the Compensation Committee, as mandated by the CBB.

### **The Compensation Policy**

The Compensation Policy is reviewed annually by the Board of Directors and was last approved on 27 December 2020. The Compensation Policy incorporates the mandatory regulations issued by the CBB on Sound Remuneration Practices [HC-5 Remuneration of Approved Persons and Material Risk-Takers], which are applicable to Approved Persons and Material Risk-Takers whose total annual remuneration (including all benefits) is in excess of BD100,000 or equivalent. The Compensation Policy and related schemes have been approved by the shareholders of the Bank at the Annual General Meeting held on 31 March 2015 and have been applied to performance related employee compensation payments made for each financial year.

The Compensation Policy outlines, amongst other things, the basis and methodology for arriving at variable compensation, the basis for making allocations, how risk adjustments are made to compensation, the framework for compensation of Approved Persons and Material Risk-Takers, the conditions for deferral, malus and claw-back clauses and compliance and disclosure requirements. The policy also establishes the terms of the Mandatory Share Plan (the "MSP") and the Employee Share Purchase Plan (the "ESPP") to comply with the CBB's regulations and delivery of the deferred variable compensation in shares. All MSP/ ESPP awards do not exceed an aggregate 10% of the total issued outstanding ordinary share capital of the Bank, at any given time.

## The Compensation System

The compensation system is risk based remuneration consisting of fixed compensation for i) employees (paid in the form of monthly salaries and allowances), employee benefits and annual variable compensation for performing employees, aligned to business performance and market conditions, as mandated by the regulators of the markets that AUB operates in, and ii) directors (paid on the basis of ½ of the fees calculated on actual attendance at meetings and the remainder paid as a fixed fee).

Component	Key Features
<b>Fixed Compensation</b>	<ul style="list-style-type: none"> <li>Rewards the capacity to hold a role/ position in a satisfactory manner through the employee displaying the required skills.</li> <li>Consists of cash salary and allowances.</li> <li>Payments are fixed and do not vary with performance.</li> </ul>
<b>Benefits</b>	<ul style="list-style-type: none"> <li>Ensure market competitiveness and provide benefits in accordance with local market practice.</li> <li>Consists of contributions to pension, social insurance, medical insurance, life insurance and health and wellness.</li> <li>Contributions are fixed and do not vary with performance.</li> </ul>

The MSP is operated by Trustees independent of the Board/ management of the Bank.</li> <li>Payments are linked to performance standards and maintaining risk and control parameters defined by the Bank.</li> </ul>
<b>Others</b>	<ul style="list-style-type: none"> <li>ESPP awards to motivate and retain employees with sustainable performance through the use of both pre- and post- award performance measures.</li> <li>Operated by Trustees independent of the Board/ management of the Bank.</li> </ul>

The compensation system is aligned to supporting the Bank's short- and medium-term performance objectives and to controlling and reducing the full gamut of associated risks. It specifies the proportion of fixed and variable remuneration to be consistent with the Board approved Risk Framework. It defers portions of the variable compensation awards for the Approved Persons and Material Risk-Takers of the Bank as per the rules of the MSP, as approved by the CBB and the Board of Directors.

### Role of the Compensation Committee in Governance and oversight over Remuneration

The Board of Directors has established a Compensation Committee (the "Committee") and has delegated certain of its powers and responsibilities to the Committee through its Terms of Reference. The primary responsibilities of the Committee are to provide effective oversight of and governance over the compensation strategy, structure and systems, to ensure that these are properly implemented. The aggregate compensation/ fees paid to the Committee members for 2020 amounted to US\$11,750 (2019: US\$15,000).

The Committee approves the annual aggregate amounts payable under fixed and performance related variable compensation schemes for employees. The Committee reviews and approves any material changes in employee benefits as per market trends and cost considerations and makes recommendations with regard to any other employee matters, as brought before it. The Committee reviews compensation payable to the members of the Board of Directors and makes recommendations to the Board of Directors and in this regard, in line with applicable regulations.

The Committee further reviews and tests the Compensation Policy and framework to ensure that compensation arrangements comply with applicable regulations and to ensure that the compensation system operates as intended and that effective controls exist through testing of compensation outcomes as per the Bank's risk framework. The authority matrix for the Committee is as follows:
